EVERYTHING YOU NEED TO KNOW:

1. 'Bottoms up' brunch is a bargain. On average, customers will save £30pp+ when dining from this menu. We are able to keep the costs low for the customer based only on the food and drinks menus provided, as they come, with no modifications. (For example this means, no cordials, no slimline tonic and no well done steaks). If this menu does not suit you due to preference, dietary requirements or any other variables, please opt for our main menu instead where you will be better accommodated and have more choice and flexibility in the drinks and food selection.
2. All spirits will be served in 25ml measures with a mixer. Shots of straight spirit are not included.
3. While we understand that Brunch is all about the booze, we reserve the right to refuse your party service of alcohol if you turn up intoxicated or become too heavily intoxicated at any point. If any one member of your party is noticeably intoxicated, the whole party will be required to dine from an alternative menu. Make us your first stop to avoid this!
4. We do offer non-alcoholic drinks options however the price for a non alcoholic brunch remains at £39 per head.
5. We are here to have a good time and we want you to too! If at any stage anyone in your party is rude/disrespectful/aggressive to staff, your service will be terminated immediately and you will be asked to leave the site.
6. Everyone on your table must be 18+ and we operate a challenge 25 policy, Please bring ID to ensure service, anyone who can't provide ID when asked will not be able to join the table.
7. All members of your party must dine from the brunch menu, we do not offer split menus across tables.
8. Tables are reserved for 1hr 30mins from the time of your booking. If you are running late, we may not be able to accommodate you, please call ahead to inform us of any delays.
9. It is the lead booker/card holder's responsibility to inform the party of these terms and conditions prior to your arrival to ensure that your party turns up in good shape to have the best experience possible.
10. Cakes/decorations are allowed however we ask that you do not bring confetti/streamers or any small pieces that will delay the relaying of the table.
11. We do not take requests for particular tables, our floor plan changes daily and the restaurant will be seated to best accommodate the bookings at the time.
12. We reserve the right to refuse this package to any person, at any time, for any reason, regardless of booking.
13. While we can provide some dishes that are free of certain allergens in terms of ingredients, the chances of cross contamination in our kitchen are high. We ask that you prioritise your health and only make a booking if you're happy to accept this risk.
14. Our drinks are bottomless, but what does that actually mean? As a realistic guideline, we find that our fastest/thirstiest brunchers will fit 6-7 drinks in their 1.5 hour time slot. If you would like significantly more drinks than this, this may not be the package for you.
